

CITY OF PITTSBURGH

STEWARDSHIP PROGRAM

HELP-A-LOT PROGRAM →

Support city land care of vacant properties through this program by requesting one-day access to city-owned vacant lots for community stewardship and maintenance activities. Supplies can be provided!

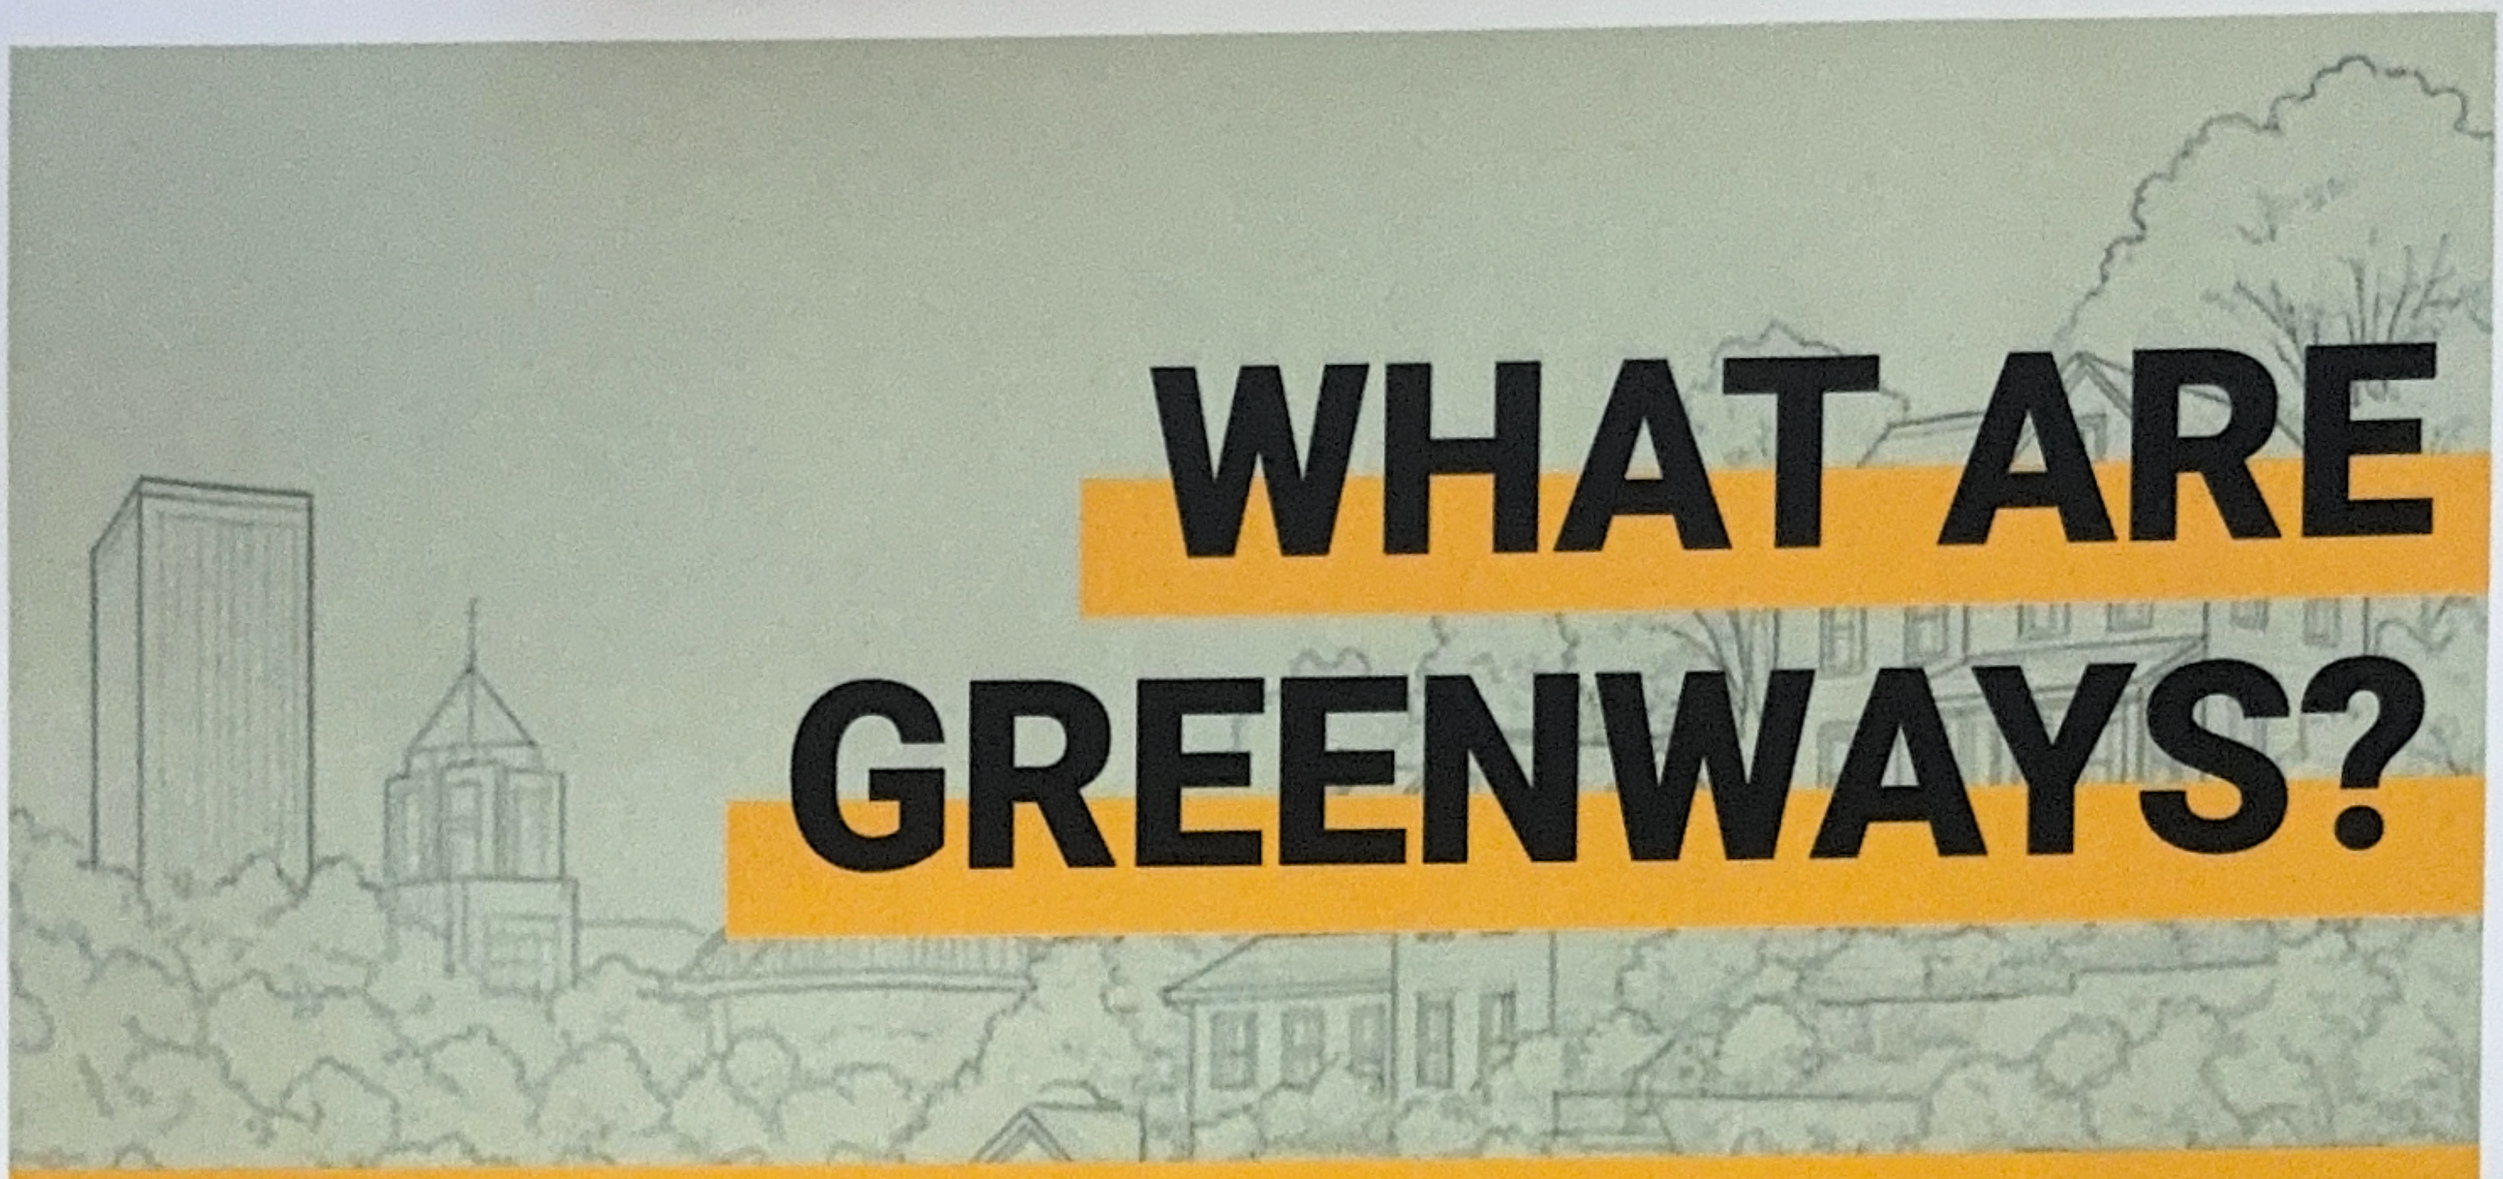

APPROVED ACTIVITIES:

- MOWING
- LITTER PICK UP
- REMOVING INVASIVES
- WEEDING
- DUMP SITE CLEAN UP

SUBMIT A VOLUNTEER APPLICATION HERE:

WWW.PITTSBURGHPA.GOV/DPW/VOLUNTEER-APPS/

All volunteers must complete a waiver and receive application approval to participate!

WHAT ARE GREENWAYS?

A greenway is a permanently conserved, primarily passive, public open space that is primarily stewarded by the community and provides benefits such as minimizing landslide risk, reducing the effects of extreme heat, preserving tree canopy, and creating recreation opportunities.

How to Take Action

The City is seeking input on the potential expansion of city greenways to reflect how the community envisions these new green spaces should be utilized.

SHARE YOUR INPUT ON PROPOSED GREENWAY PARCELS

Visit the Engage Page via the QR code below to identify greenway needs and opportunities, share new greenway name ideas, and recommend sites for new signage.

JOIN OUR NETWORK OF GREENWAY STEWARDS

Sign-up for the volunteer email list to connect with greenway stewards from across the region by reaching out to greenways@pittsburghpa.gov or using the QR code below.

SUBMIT A VOLUNTEER APPLICATION

Volunteer activities include invasive species removal, mowing and string trimming, beautification/landscaping, litter/dump site clean-up, tree planting, and more. If you are interested in stewarding a city greenway, get in touch via the QR code below!

Department of City Planning

To join our network, provide feedback on proposed greenway parcels, or volunteer, use the QR code here:
